Neuropsychology Technician Position Announcement

Announcement Date: 10/2015

Thomson Memory Center, a well-established neuropsychology clinic in suburban Chicago, is looking for a full-time neuropsychology technician to float between our offices.

The position involves administering diagnostic testing batteries to a wide range of patients under the supervision of a neuropsychologist.

Master's Degree in psychology, education, or a health related field is preferred.

Bachelor's Degree with psychometrist certification is acceptable in lieu of Master's.

The candidate should have prior healthcare or academic experience working with all types of individuals, including pediatrics through seniors. A pleasant and patient demeanor is essential, along with excellent verbal and written communication skills.

Our ideal candidate is someone seeking this as a career or long term position.

We provide thorough supervision and training. Compensation is competitive.

Office locations include: Hoffman Estates, Lake in the Hills, St. Charles, Highland Park.

Please email your resume to info@thomsonmemory.com or contact Dan at 224-659-8406 for more information.
